"Determination" Makes Everything Possible

## Overview & Capabilities

We take immense pride in introducing ourselves as the **JAINEX GROUP**, a diversified conglomerate actively engaged in multiple business verticals since the early 1980s. Our portfolio spans, **Heavy Industrial Equipment Leasing, Logistics Operations, Tea Plantation & Manufacturing, and Filling Stations**, among other ventures.

The **JAINEX Group** is recognized as one of India's most dependable partners in **crane operations, heavy-lift engineering, and project logistics**. With over four decades of industry experience, we combine scale, technical expertise, and operational discipline to deliver reliable and efficient lifting solutions.

Jainex Crane Services provides comprehensive heavy-lift and material-handling solutions through a wide range of cranes and specialized equipment, supporting critical **industrial, infrastructure, automotive, refinery, and construction projects** across the country.

*Our guiding principle remains  
"Determination Makes Everything Possible"*

## Fleet and Operational Discipline

- Our fleet includes every type of truck-mounted crane and specialized lifting equipment suitable for diverse project requirements.
- All machinery is operated by trained and certified professionals, ensuring precision, safety and compliance with stringent industry standards.
- Featured Equipment includes Truck Mounted Cranes with capacities ranging from 60MT to 500MT, ideal for infrastructure, refinery and plant lifting operations.

## Our Core Crane & Heavy-Lift Services

- 1. Heavy-Lift Crane Deployment:** High-capacity cranes for equipment erection, shutdown maintenance, tower lifts, column setting and other industrial lifting operations.
- 2. Rigging & Lift Engineering:** Structural analysis, detailed lift plans, rigging studies, method statements and on-site supervision by certified engineers for complex lifts.
- 3. Project Cargo & Oversized Movement:** End-to-end transportation of heavy and ODC (Over Dimensional Consignment) cargo, including route surveys, permissions and safe delivery to remote locations.
- 4. Plant Construction Support & Shutdown Lifting:** Equipment support for new plant erection, modification, industrial assembly and specialized lifting for high-precision shutdown activities.
- 5. Equipment Leasing & On-Site Support:** Project-based crane leasing with certified operators, riggers, technicians and complete on-site operational support.
- 6. Safety, Compliance & Monitoring:** Strict adherence to safety protocols and 100% monitored operations through GPS-enabled fleet and digital reporting systems.

## Crane Leasing Excellence

### Across Northeast India

We have established a strong reputation in crane leasing by supporting some of the most prestigious industrial and infrastructure projects across Northeast India and Bhutan. Our expertise spans hydropower, oil & gas, refinery shutdowns, cement plants, and large-scale infrastructure development.

Key contributions include NHPC's Subansiri Hydroelectric Project, critical shutdown operations for Numaligarh Refinery Limited and Indian Oil Corporation, and multiple cement plant projects for Star Cement, Dalmia Cement, and Hills Cement Company. We have also played a major role in infrastructure projects for NHAI, NF Railway, and PWD, including the construction of flyovers across the region. Internationally, we have supported several projects for the Bhutan Government.

Our services extend to Indian Oil Corporation's bottling plants, Oil India's oil fields, ONGC sites in Sivasagar, and BCPL's facilities in Lepetkata, Dibrugarh, and other industrial hubs. Currently, we are engaged in ABIPL projects at Numaligarh and are preparing for future collaborations, including Tata's upcoming semiconductor plant—marking a significant milestone for the region's industrial growth.

We operate the largest fleet of truck-mounted cranes in Northeast India, with over 20 GPS-enabled units, more than 90% of which are less than three years old. Our crane capacities range from 60 MT to an unmatched 500 MT, with boom lengths extending up to 400 ft.

- ONGC – Oil and Natural Gas Corporation
- BVFCL – Brahmaputra Valley Fertilizer Corporation Ltd
- BCPL – Brahmaputra Cracker & Polymer Ltd
- Indian Oil Corporation Ltd.
- Star Cement
- Bharat Petroleum
- Hill Cement
- Topcem Cement
- Engineers India Ltd (EIL)
- Goldstone Cement
- GAIL (India) Ltd
- Dalmia Cement
- Bongaigaon Refinery
- Indian Railways
- Assam Petrochemicals Ltd

Services only Lease Heavy Lifting
